

 **PERCYDOUGHTY**

Supplying Luxury Fires & Fireplaces

Since  **1952**

TERMS & CONDITIONS,
CONDITIONS OF COVER
AND WARRANTY EXCLUSIONS

All gas, solid fuel and electrical appliances must be installed by suitably competent persons. For gas appliance installation a Gas Safe registered engineer having passed the relevant core competencies to install, exchange, service, repair, and commission domestic open, balanced and fan assisted flued gas fires and wall heaters (NG & LPG).

A competent person in terms of electrical work (where applicable) must demonstrate competence to perform electrical work if they have successfully completed an assessed training course, run by an accredited training organisation, which includes the type of work being considered.

As part of that course, this person should have demonstrated an ability to understand electrical theory and put this into practice. The competent person should apply in reference to large scaled electrical build installation works this may involve for the provision of a new socket or electrical circuit. All solid fuel burning appliances and fixtures must be installed by an accredited Hetas engineer or registered with an approved competent persons scheme, having passed the relevant core competencies to install, service and maintain dry and wet solid fuel appliances including biomass.

The appliance warranty will apply from the day of purchase and is only valid from the Percy Doughty approved stockist list, any fire purchased outside of our authorised dealer network or via an online retailer will carry a 1-year non-extendable warranty. The warranty periods listed below only apply when the appliance is purchased from one of our exclusive dealers. Any variation to the warranty period must be approved in writing by Percy Doughty.

Please ensure the warranty card is completed at the time of installation and proof of installation and service history thereafter will be sought by Percy Doughty to allow for the warranty to remain current during the said period.

For appliances with an extended warranty period the registration form must be completed via the included warranty form or by completing our online registration form within one month of the purchase date. Any fires registered after this period will carry a 1-year non-extendable warranty. Appliances that are covered by our Premium Protect warranty is only available up to 60 days from date of purchase and only to customers who have purchased their appliance from an authorised dealer.

The appliance must be installed in accordance with the manufacturer's instructions, current building regulations, British standards, IET Wiring Regulations 18th Edition, Gas Industry Installation and Use regulations 1998 and HETAS regulations where applicable. Commissioning results must be documented, and a copy left with the consumer where applicable. The commissioning details can be documented on the last page of the installation instructions or on an appropriate Gas Safe or Hetas approved form.

The warranty is limited to the repair or replacement of parts found to be defective in material, modification, misuse, or workmanship after confirmation of the defect by Percy Doughty, provided that such parts have been subjected to normal conditions of service.

Any installation labour, transportation or other related costs/expenses arising from defective part(s), repair, or replacement or otherwise of same will not be covered under this warranty agreement therefore Percy Doughty would not assume responsibility for any associated costs. That will also include any incidental indirect or consequential damages except as provided by law.

The purchase of the appliance must be made through an approved distributor or stockist. Percy Doughty does not assume nor authorise any third party to assume on its behalf, any other liabilities with respect to the sale of any Percy Doughty appliances or associated accessories.

All other conditions expressed or implied with respect to the appliance, its components and accessories or any obligations /liabilities on the part of the company are hereby expressly excluded.

This warranty does not apply to non Percy Doughty prefabricated parts, introduced to the working of the appliance or installation whole.

A warranty claim must be submitted between 7- 14 days from identifying the fault, Percy Doughty would not be responsible for any damaged caused thereafter should the appliance still be used or for damaged caused during the installation which may render the product unsellable.

To progress a claim a warranty form must be completed in its entirety and submitted to Percy Doughty along with clear image, photographic and or video evidence to support your claim. Failure to complete the form and provide sufficient photographic evidence may result in the claim being delayed or refused.

A service call will only be logged once the retailer or installer has inspected the appliance and communicated the fault and detailed the technical information required to the technical team. Any visit by a Percy Doughty engineer or approved third party on behalf of will incur a service charge if it is found that the appliance operation is satisfactory and there is no manufacturing fault or anything malicious has occurred thereafter.

Percy Doughty will not be liable for any associated costs for return visits to site, due to any appliance failure, breakdown or other. This is explicit to all products sold by Percy Doughty, and any such agreement must be in writing prior to the visit taking place. In all cases if agreed, the agreement will only be valid during the warranty period and will not include wear and tear or accidental damage. In such cases where an agreement has been made with an installer to return to site on behalf of Percy Doughty, any subsequent conversations on site that incur costs must also be discussed with Percy Doughty before agreeing with the end user, this includes all third parties, parts and labour but not limited to.

Any products that are replaced during the warranty period will only be covered for the remainder of the original warranty period. If you should ever wish to make a warranty claim because of a product fault or defect, you must inform your retailer within a reasonable amount of time, usually this is within 7 - 14 days from the date on which the fault or defect first became apparent. If the product fault or defect is notified after 14 days from the date on which the fault or defect became apparent, Percy Doughty cannot accept any liability for events or issues which arise after the 14-day period or which are caused or increased by the lack of notification which therefore prevented action being taken to restrict or eliminate any consequences arising from the fault or defect at an earlier date. In the event of a product fault occurring during the warranty period, Percy Doughty will send the appropriate component or goods necessary to rectify the fault, free of charge. It would be the responsibility of the consumer to rectify the fault by contacting a registered Gas safe or Hetas engineer.

WARRANTY EXCLUSION

Should you experience problems with your appliance, any claim must be submitted first to the retailer from where the appliance was purchased. The retailer will either be able to offer immediate assistance or contact Percy Doughty on your behalf.

You may be asked to pay a deposit before an engineer attends which will not be refunded if it transpires that the related fault is not due to any appliance supplied by Percy Doughty. No Warranty is extended to consumable service parts. Repair or replacement of parts which are subject to normal wear and tear during the warranty period or parts that will require replacement in connection with normal maintenance. Such parts include but are not limited to handles, glass, rope seals, firebricks, grate parts, log retainers, baffles, ash pans, thermocouples, oxypilots, ceramic fuel effects, batteries, lightbulbs/LEDs and internal linings.
